THOUSANDS ATTEND THE LAST RITES

SIMPLE, IMPRESSIVE CEREMONY ATTENDS BURIAL OF CARDINAL

(By Geo. R. Holmes, I. N. S. Staff Correspondent.)

BALTIMORE, Mar. 31.—In a crypt beneath the high altar of the ancient Grey Cathedral church, hard by the baptismal font, where his parents brought him 87 years ago, James Cardinal Gibbons, priest, prelate, patriot and dean of cardinals, was laid to his long rest this morning. His entombment came at the close of a requiem, solemn with liturgy, which has grown through the centuries.

At the conclusion of the service in the cathedral, pall bearers carried the coffin to a niche in the crypt beneath the chancel. Throughout the impressive ceremony the delicately fragile body of the venerable dead reposed on a purple catafalque, vested as a bishop for celebrating mass.

Pontifical mass requiem began at 10 o'clock. Long before, thousands surrounded the cathedral for the celebration of mass by the Most Rev. John Bonzano, apostolic delegate and the representative of the pope. In accordance with a proclamation of the mayor, there was a five minute pause in the city. Street traffic was at a standstill and there was a general cessation of work. Governor Ritchie asked for a one minute pause.

The funeral honors were read by the Most Rev. J. J. Glennon, archbishop of St. Louis.

(United Press.)

BALTIMORE, Mar. 31.—Ten thousand people stood outside the cathedral here today in a cold drizzling rain to pay a last tribute to their lifelong friend, Cardinal Gibbons. Before the cathedral was closed last night 50,000 persons gazed upon the body. The eulogy was pronounced by Archbishop Glennon of St. Louis, one of the cardinal's closest friends. The mass of repose was sung by Archbishop Bonzano, the papal delegate.

In Survey of Florida, Richard H. Edmonds Finds Outlook for State the Brightest in All Its History

BY RICHARD H. EDMONDS,
Editor Manufacturers Record.

The outlook for Florida, to my opinion, far and away brighter than ever before in the history of the state. There was probably never a more superb winter than the one through which he have just passed, and the result will be that every visitor to the state during the winter will tell endless tales of the marvelous attractiveness of the climate. The fame of Florida's health-giving climate will be spread broadcast by hundreds of thousands of people. Moreover, the visit of members of the National Editorial association to all parts of the state will cause thousands of articles to be written by them and published in thousands of papers in the North and West, and even in the South. This state, therefore, has reached a point where it must prepare for the coming winter or else hotels and boarding houses will be literally swamped during next winter. Indeed, it may be seriously questioned whether the railroads will not be so badly overcrowded with travel next winter as to make it difficult to bring to this state the hundreds of thousands who will eagerly claim this privilege.

Florida has suffered less from the business depression than any other state in the union. It has scarcely known what depression meant as compared with what other states in the West and North, as well as in the South, have had to endure. Its winter tourists bringing many tens of millions of dollars to the state in a crop which has never failed, with a crop ever swelling in volume and in amount upon the prosperity of the state. More and more are the people to by people from the blizzard blasting regions of the North and West will seek to have winter homes here, while others in ever increasing number will come for a few weeks' stay. The entire country has at last awakened to that fact that nowhere else in America is it possible to find such climatic advantages as are furnished by this state. It is not alone here, over, from the North and West that Florida will draw at an ever increasing rate for population, for the number of people from other southern states than Florida who live here for part of the year exceeds the number from all the rest of the country combined.

The reports which are coming from every town in the state almost without exception, show increasing building activity and an enthusiastic work for further development. So far as the immediate section of Daytona is concerned, I believe there are three times as many dwellings under construction as in any of the last seven or eight years in which I have been familiar with this community. The same thing is probably true to a considerable extent, at least, of nearly all other progressive towns in the state. No one can visit these places without being impressed with the amount of building work now under way.

This situation throws upon the people of Florida the great responsibility to measure up to a great opportunity. It is incumbent upon this community, and every other community in the state, to provide the best sanitary conditions that can possibly exist. Every community in Florida should recognize this responsibility to safeguard the health of the winter visitors to this state as well as the health of its own people. Florida cannot afford to take any chance whatever on the development of sickness by unsanitary conditions. Every town in the state should have a vigorous, aggressive sanitary cleanup campaign where time should be given to the study of every problem bearing on the question of health, and his regulations, supported by those of other physicians in the community, should be rigidly enforced regardless of the prejudices which here and there might be created. Water, free from all possible contamination and milk from dairies constantly watched, and pasteurized are two of the things which should be especially safeguarded. Any dairyman found running an insanitary plant, or one not protected by regulations, cleanliness and its unfailingness should after due warning and failure to comply with the warning be forever debarred from running a dairy in this state. The health of the community and of the visiting to it is of far more importance than the financial gain to any one individual.

Following the gathering and the dissemination of facts the inspection of all places handling meat and milk products which come into the community in Florida should naturally follow.

The business organizations of the state, the municipal governments, and the county governments should all be enlisted in the campaign for the protection of the health of the people of whose business activities it is a part. Florida should not be the only place in Florida to drink which is not absolutely pure. Its waters, its healthy conditions are not equaled anywhere in the world, and all of whom reside in Florida should unite to keep them so.

This morning the funeral ... of Mrs. Mary Ann Darby, widow of the late George W. Darby, who died suddenly on Monday afternoon at the home of her son-in-law, Mr. Wilmer Mott, in Seabreeze. Mrs. Darby was a native of Ireland, coming to this country when a young girl. She was married to Mr. Darby in Philadelphia, and they moved to Daytona about 25 years ago. Mr. Darby died about 15 years ago, and since that time Mrs. Darby has made her home with her son-in-law, Mr. Mott, in Seabreeze. She was a member of the Methodist church, and was highly esteemed by all who knew her. She is survived by one son, Mr. Mott, and two daughters, Mrs. Mott and Mrs. Mary Darby Wilmer, of Philadelphia. The funeral services will be held at the residence of Mr. Mott, in Seabreeze, at 10 o'clock this morning, and the interment will be in the Seabreeze section of Daytona Beach cemetery.

STRIKE OF MINERS IS THREATENED

TRANSPORT AND COAL MINING STRIKE MAY TIE UP ALL ENGLAND

LONDON, Mar. 31.—Britain is on the eve of a new labor war. A national coal strike, effective tomorrow night, seemed inevitable. The executive committee of the Federation of Miners issued a statement after a meeting this morning warning that the situation is most grave. Mines which have been government subsidized since the war will be turned back to the owners tomorrow. The miners demanded wage cuts, but peaceful efforts were ruled out by the government.

LONDON, Mar. 31.—Great Britain was threatened with an industrial upheaval tonight when Government efforts to avert a strike of coal miners failed. A meeting of executive members is called for tomorrow and a general strike of all transport workers will then be called into action, it was declared.

Thomas F. Rickson's stock letter today says: "The news is not so good. The struggle of England with the coal miners is in the critical stage and upon the outcome seems to be to control the result in just as likely to be disastrous as not. Soon we are getting some more evidence that the copper situation is few copper companies have closed down, so that necessarily the bearish element have an advantage and we will not have a clear field for investigation markets."

Mrs. Jordan is lying seriously ill at her residence south of the school-house, but appears somewhat improved. The Jordans recently purchased and moved in the Willis Johnson home.

The fact that 42 legally qualified voters voted against bonding in the proposed school bonding election and only 14 could be induced to vote for bonding shows that Port Orange does not desire it a town time to add to its bonded indebtedness at this time. The vote shows that the majority do not think it would be wise to build under present conditions of the bond market, not to bond this district at present constituted.

Port Orange school district is composed of parts of Port Orange and Daytona election districts. The poll list furnished by the county school board was very badly arranged before registering but did not separate on the list, though saying votes on road matters, names of voters living at various Creek were on the list, as appears in Daytona precinct was on the list, but map of the district was supplied the inspectors, and the inspectors and clerks cut out the list were "up against it," and made it very hard work.

Here we are getting some more unfavorable corporate reports a few copper companies have closed down, so that momentarily the bearish element have the advantage and we will probably have a day or two irregular markets."

PORT ORANGE

PORT ORANGE, March 30.—Manager of the electric light plant states the reason the street lights have been out of commission is because of work being done on one of the generators.

Among those who have recently left for their northern homes are: Mr. and Mrs. Harris (from Zimmerman house), Mr. and Mrs. C. L. Burgess, Mr. Nyswanger, Mr. and Mrs. Urias Baker, Mr. and Mrs. J. E. Baker, Ernest Fourman, Mrs. Shellabarger, the Shogerts, and a number of others. We are glad to see them come and sorry to have them depart, and hope all will come again. So soon our winter friends will be gone to their several homes.

A light rain fell here yesterday and did much good, but more would be acceptable.

Mrs. Jordan is lying seriously ill at her residence south of the schoolhouse, but appears somewhat improved. The Jordans recently purchased and moved in the Willis Johnson house.

The fact that 42 legally qualified voters voted against bonding in the recent school bonding election and only 34 could be induced to vote for bonding, shows that Port Orange does not deem it a wise time to add to their already heavy burden of taxation. The vote shows that the majority do not think it would be wise to build under present conditions of the material and labor market, and of the bond market, nor to bond this district at present constituted.

Port Orange school district is composed of parts of Port Orange and Daytona election districts. The poll list furnished by the county school board was very faulty, several ladies registering last fall not appearing on the list, though paying taxes on real estate; names of voters living at Spruce Creek were on the list; no person in Daytona precinct was on the list; no map of the district was supplied the inspectors, and the inspectors and those not on the list were "up against it," and made it trying all round.

Well again in less than an hour. Says Digest Well Tablets probably saved life.

"While driving home in my car from a big reunion dinner, I was suddenly seized with acute indigestion, and thought my end had come. My family couldn't drive and we were many miles from a doctor. I had in my pocket six Digest Well Tablets, which I took at 5 minute intervals. Relief came very promptly. In 25 minutes I felt a big improvement. In less than an hour I felt about 100 per cent again. They saved me from serious illness, and probably saved my life." —C. A. Bradock, Warsaw, Ind.

You have never taken anything for indigestion, acid stomach or gas pains, that we believe gave such quick, sure relief as Digest Well Tablets. Relief Must Be Given Schools of State, If Present Length of Term Is to Be Maintained

Principal R. J. Longstreet, of the Seabreeze-Daytona Beach High school, is very much interested in the passage by the state legislature soon to convene of some very important legislation which he believes is absolutely necessary if the schools of the state are to be properly maintained.

If some relief is not given by the legislature," said Prof. Longstreet, "many districts in the state will not be able to have more than nine months' school and very few, if any, will have an extra months or their school term. I want to congratulate Volusia county on her county superintendent. If the schools of the state get the help they need and deserve they will have Superintendent Ward to thank more than anyone else. He is working night and day education in Volusia county for the benefit of the school children of the state. It is impossible, was for him to neglect any personal benefit and put in more time to work and study for it. I hope to see the time when we will have chosen state superintendent, and I don't think it will be very long. He is ably assisted by a corps of the most progressive school men in Florida to-day. He has worked his way to the very top by intelligent effort, untiring energy and faithful devotion to public duty."

No Danger of Shorter Term.

When asked if he thought there was danger of the length of the public schools being reduced in this county for lack of funds, Attorney R. L. Selden, an old teacher and one who keeps closely informed on the matter of facilities of the county said:

"For the past four or five years in succession in Volusia the state exempted the smallest rural school districts from state aid. As to the financial condition of the county schools, I understand it to be in a very satisfactory financial condition. The general school fund is in good shape and I see no cause for alarm in the matter. There is a popular prejudice of old school in this county having a shortened term. My father, the late Prof. J. H. Selden, was a teacher in the old school system in the state, including those in Tavares, Lakeland, Sanford and others, and there was never such a thing as a school term less than eight months. Many of the prominent public schools of Florida, and I feel confident they will be."

PLEASED WITH WINTER HERE; STAY ALL SUMMER

Mr. and Mrs. Frank Hamilton, of Bloomington, Ill., who have been spending the winter in Volusia county, at Daytona, Ormond and Seabreeze, left this morning for their home in the north.

"This is our first visit to Florida and Mrs. Hamilton and myself are delighted with it. We have enjoyed our stay here very much and have been entertained by many friends. Some time ago we had intended to go to Los Angeles and the Coast, and I am glad now that we changed our minds and came to Florida instead. We have enjoyed our visit here so much that we have decided not to make the trip to the coast, but will spend the summer in Florida, and I feel confident we will be back next winter. We have enjoyed the fishing, bathing and motoring very much indeed, and I am sure we will be back next winter. We have enjoyed our visit here so much that we have decided not to make the trip to the coast, but will spend the summer in Florida, and I feel confident

When asked if he thought there is danger of the terms of the public schools being reduced in this county for lack of funds, Attorney R. L. Selden, an old teacher and one who keeps posted regarding the educational facilities of the county, said:

"For the past four or five years no school in Volusia not even excepting the smallest rural school, has had less than eight months of school within the year. As to the financial condition of Volusia county school districts, I understand to be in good financial condition. The general school fund is in good shape and I see no cause for alarm, as there is not even a remote possibility of any school in this county having a shortened term. My father, the late Prof. J. H. Selden, served as principal of the leading schools in the state, including those in Tampa, Lakeland, Sanford and others, and there has never been a shorter term that eight months in any of the recognized public schools of Florida, and I don't believe there ever will be."

PLEASED WITH WINTER HERE: STAY ALL SUMMER

Mr. and Mrs. Oscar Jackson and their daughter, Miss Virginia Jackson of Bloomington, Ill., who have been spending the winter in Orlando, arrived here today. They came to arrange for quarters on the ocean front here for the summer months.

"This is our first year in Florida," said Mrs. Jackson to A News representative, "and we must say we are delighted with it. We have been spending our winters in California and we have visited all of the resorts out there, from San Francisco, south to Los Angeles and San Diego, and I am frank to say there is no comparison. I like Florida much better—it is warmer here, the weather is not so changeable and is more ideal in every respect. We only expected to stay here for the winter when we left home, but have changed to stay the entire year."

WANTED: HOMES FOR WAIFS FROM 5 TO 14 YEARS OLD

JACKSONVILLE, March 28.—M. C. Flagg, superintendent of the Children's Home society of Florida, is appealing to Florida families to provide homes for children from five to fourteen years of age. Mr. Flagg states that the demand for infants and young children is greater than the society can meet but that few appear to be willing to take charge of older ones. The receiving home is becoming crowded with children ranging from the kindergarten age to the early teens as a result.

H. S. Principals to Be Guests of Miss Virginia Morrow

On Friday evening at 6 o'clock Miss Virginia Morrow of the Domestic Science department of the Seabreeze High school will entertain the high school principals of the county at supper, which will be served in the Domestic Science room of the high school. Those who have been invited to partake of this feast are: Principals J. F. Eastham of Daytona, R. J. Longstreet of Seabreeze, B. F. Exell of DeLand, R. L. Goulding of New Smyrna, and T. J. McBeth of Barberville. Secretary L. R. Reynolds of the County Y. M. C. A. will also be one of the guests.

After the luncheon a constitutional convention will be held for the purpose of perfecting the organization of the Public School Recreation Association of Volusia county. Secretary Reynolds will preside, and it is said the various principals of the county will take some definite action regarding this matter at that time.

PENINSULA LOCALS

Mrs. Ada W. Powers has sold a fine building lot on Glenn View boulevard to Wingate & Shaw of Daytona. Horn & Wilson negotiated the deal, and it is understood the new owners will substantially improve the property.

Mr. and Mrs. Lyman Morse of Pittsburgh, Pa., who spent most of the winter in Seabreeze, have just returned from a trip to Tampa, St. Petersburg, Clearwater and other western resorts. They report an interesting time.

Contractor William Petersohn has a force of men at work on the Seabreeze High school grounds leveling the new playground equipment as fast as it arrives. The basketball courts and giant strides are in position and Mrs. Pearl Landfield, with her manual training boys have the new outdoors in proper place and ready for use.

Miss Dalsie Harpst, daughter of Mrs. Anna Harpst of Monroe, Mich., has accepted the position of stenographer in the law office of R. L. Selden. Miss Harpst, with her mother and sister, have been spending the winter in the Miller apartments on Grandview avenue. They expect to remain here until about April 15th.

Cashier C. A. Randell of the East Coast State bank has sold his residence at 231 Hollywood street to Maurice Monroe, who will take possession next fall. Mr. and Mrs. Randall will occupy their fine and spacious new residence on Magnolia avenue, between Dukes and Ivy streets, as soon as it is completed.

Miss Martha J. Oaker and William A. Barss, both of Daytona, Beach, were united in the holy bonds of matrimony on Tuesday evening. The ceremony was performed in a very elaborate and impressive manner by Justice R. L. Selden at his office in the Ohio block. The happy couple received the congratulations of many friends.

Mr. and Mrs. E. F. Perkins have gone to Orlando, Fla., where they will spend a few days visiting friends and attending the Shrine meeting. While there they will also attend the Shrine ball on Friday evening. While away Mrs. Perkins will visit her daughter, Mrs. E. T. Williams, at Winter Park, Fla., and Mr. Perkins will visit his son, Dr. Wilson Perkins, at Orlando.

Peabody Declamation Contest and Debate to Be Held Friday of This Week at Auditorium

Friday afternoon and evening at the Auditorium will be an eventful occasions to those interested in the schools of Volusia county.

For some time it has been the custom of S. J. Peabody to offer each year gold prizes in order to stimulate the development of public speaking by the pupils.

He has offered prizes in three separate and distinct contests between the five high schools of the county, those located in Seabreeze, Daytona, DeLand, New Smyrna and Central at Barberville.

First, there will be a declamatory contest between the girl representatives of these schools. This will be held in the Auditorium at 2 o'clock Friday afternoon, April 1st. Mr. Peabody will give first and second prizes —$7.50 to the first and $2.50 to the second. The Seabreeze High school will be represented by Miss Myrtle Preston.

Second, there will be held at the same place at 3:30 o'clock in the afternoon, or very soon after the girl contestants have been heard, an oratorical contest between the boy representatives of the five county high schools. Mr. Peabody will give exactly the same prize in this contest as in the girls—$7.50 to the contestant receiving the highest number of points and $2.50 to the one giving the next highest number. In this event the Seabreeze High school will be represented by Floyd Stewart.

Then at 7:30 o'clock on Friday evening at the same place, the Auditorium, will occur the debate which has already been narrowed down by elimination, between representatives of Seabreeze and New Smyrna. At the preliminary debates Seabreeze and New Smyrna won over DeLand and Daytona. The following subject will be debated:

Resolved, That Immigration Should Be Prohibited for One Year.

New Smyrna has the affirmative and Seabreeze the negative. The question originally prepared provided for the prohibition of immigration for four years instead of one and it was at the request of New Smyrna that the change was made after Seabreeze had won the toss for choice of sides. Mr. Peabody gives the same prizes in this event. The Seabreeze debaters will be Miss Adalaide Green and Ernest Duhaime.

L. R. Reynolds, secretary of the County Y. M. C. A., has been asked to select the judges for the debate and their identity will not be made public until after the debate is over and those who have been selected are ready to retire and pass upon the merits of the arguments.

It was expected that County Superintendent C. R. M. Sheppard of DeLand would be here to superintend these unusual exercises at the Auditorium, but he finds he will have to spend all of Friday at Gainesville, Fla., in an important conference regarding much needed legislation for the relief of the state school system.

President Robert S. Holmes of the Florida Forum and Assembly has been asked to preside at the contest on Friday afternoon and at the debate on Friday evening.

An urgent invitation is extended to the general public to attend all of these exercises. No admission will be charged, and all will be cordially welcomed.

School Faculty Entertained by Superintendent

Wednesday afternoon at 3:30 o'clock in the Domestic Science room of the Seabreeze-Daytona Beach High school, Superintendent and Mrs. R. J. Longstreet most delightfully entertained the entire school faculty. It proved to be a very pleasant occasion. The delicious refreshments served consisted of cocoa, fruit salad, cake, ice cream and candy. Games were played a very pleasant afternoon was passed. Among those who enjoyed this pleasant affair were: Mme. Louise DuPont, Mrs. Pearl Langfield, Misses Virginia Marrow, Margaret Young, Perol Mathis, Jennie Lou Belyew, Mary Brennan, Ethel Reno, Mary Rimby, Jessie Tomlinson, Alma Halladay and Beulah Roney and Messrs. F. A. Berger and A. J. Parkhurst.

One form of entertainment was the asking of several unique questions. To those answering the most correctly boxes of candy were given as prizes.

At the Honeysuckle Villa Thursday evening, March 31, Miss Willie Bryant, the proprietor, and her friend, Miss Lillian Ditto, will give another in their series of social events. This will not be a card party, but other games will be indulged in and delicious refreshments served.

Mr. and Mrs. Ezra Fix, who have been located in an apartment on Clarke street during the winter, left this morning for their summer home in Lafayette, Ind.

With this issue of the Daily News the special hotel page that has been a feature of the paper for the season will be discontinued. The hotel men have been very generous in expressing their appreciation of the service and W. W. Hilyard, Jr., of the Prince George, put in a very apt and business-like way. He said:

"This service that the News has rendered has been very much appreciated by us and as well by our guests. It would be impossible to estimate the valuable advertising that it has given, not only to the hotels but as well the Triple Cities. In our hotel and of course in the others, the guests have bought copies of the paper, not always for what it might contain about themselves, but for what it might contain about the hotel or the other guests. They have mailed copies to their friends and to their home papers and these home papers have copied the articles and so passed on to many readers the news about the Triple Cities and her hotels."

Continuing, Mr. Hilyard said: "We have had a good season."

Mrs. J. W. Pinkerton with Miss Lottie and Stewart Pinkerton, of Tilra City, New Mexico, and Thomas Beal, of City Point, Fla., arrived at the Prince George Monday.

PRINCESS ISSENA

At the Princess Issena, Manager Henry Haynes wears a broad smile. His house remains well filled, yesterday finding him with but two vacant rooms. The Princess will remain open until the first day of May, and the latter part of the season is always a good part for Mr. Haynes, because a goodly number of people desiring to remain for the month of April, will go to the Princess when the other hotels close, also many people coming from the southern and western resorts of the state will be glad to note that the doors of the Princess Issena are hospitably ajar for their entertainment and comfort. Such people carry away with them memories of the Princess Issena that is apt to be a drawing card when they again visit the Triple Cities.

Mr. Haynes has just sent to President Warren G. Harding a beautiful Habertone picture, made from a photograph taken while the president-elect was in Seabreeze. With President Harding in the picture are Senator Joseph S. Frelinghuysen, of New Jersey; Henry P. Fletcher, diplomat, of Greencastle, Pa., and Dr. Albert Ely. It is a beautiful work of art and one that the president will be sure to keep and prize and one that will always remind him of the pleasant days spent in the Triple Cities and of the Princess Issena and its genial manager.

"John Chinaman."

As far as can be learned, the earliest use of the nickname John Chinaman as a designation for celestials is in "a letter to the committee of management of Drury Lane theater," published in London just 100 years ago.

Hotel Season Is Coming to Close; Hotel News Closes

With this issue, the Daytona Daily News Hotel page discontinues for the summer months, to be commenced again January 1st, 1922. The Hotel News, from reports received from the larger hotels, during the season has filled the same large place in the life of the toturist trade as in former years and with the closing dates of many of the hotels set for a few days hence, the Hotel News will close its season today.

The first of the larger hotels of the Halifax Country to close for the season is the Hotel Ormond, which will bid farewell to its guests for this season on Monday after a most successful season.

Hotel Clarendon and the Hotel Despland will close Wednesday, April 6th. Manager Root of the Clarendon reports one of the most successful seasons in the history of the large ocean front hotel, while Manager Butterfield is also well pleased with the tourist season closing at this time.

The Hotel Ridgewood will remain open at least ten days longer, as has been Manager Woodbury's custom in the past years. The Prince George will also remain open for several weeks at least while the Princess Issena will not close until May 1st.

The exceptional weather experienced in Florida the past winter has added greatly to the popularity of the Halifax Country as a tourist community with prospects for an even greater season for 1921-22.

RIDGEWOOD HOTEL

At the Hotel Ridgewood the closing days of the season find a goodly number of travelers stopping there for a day or two of rest as they are enroute for their northern homes.

Among them are: Mr. and Mrs. F. B. Potter, Mr. and Mrs. C. H. Oakman, Detroit, Mich.; Mr. and Mrs. George Kronse, Passaic, N. J.; C. A. Carson, Nutley, N. J.; Mr. and Mrs. George C. Glover; John E. and Doris Glover, Miami; Mr. and Mrs. D. B. Rorbeck, Boston, and Miss M. E. Welch, Lynn, Mass.

Yesterday a pleasant luncheon party consisted of F. B. Whitney, C. R. Whitney, E. M. Whitney and Mr. and Mrs. L. M. McDonough, of Muskegon, Mich.

HOTEL CLARENDON

Manager E. J. Root expressed his appreciation of the enterprising spirit of the News in conducting throughout the season a special hotel page. He said it was valuable to the hotels but also to the towns and the entire district and that it showed on the part of the newspaper a real unselfish community spirit in the three cities and in the progress of the business life.

The closing days of the Clarendon are keeping up to the standard of other seasons, and Mr. Root expresses himself as pleased with the business of the winter. The Clarendon will close on April 6th.

Among the recent guests are: Mr. and Mrs. R. D. Campbell, of Pittsburgh, Pa.; Mrs. G. McCormick, Cocoanut Grove; Mrs. W. A. Grozier, Louis B. Litchfield, Melrose, Mass.; Mr. and Mrs. G. L. McGuire, Toronto; Mr. and Mrs. V. C. Badham, Birmingham, Ala.; Mr. and Mrs. G. H. Warren, Jr., New York; Lt. H. J. Harpman, Post Field; Lt. T. I. Patrick, Carlstrom Field; Mr. and Mrs. L. A. Gillette and William Gillette, New York City.

HOTEL DESPLAND

J. H. Butterfield, local manager of the Despland hotel, said that the closing days of the Despland were holding out good and that he had every reason to be satisfied with the season's business. The Despland will close on April 6th.

The recent arrivals include: Nathan Weil, Washington, D. C.; C. E. Warner, Fitchburg, Mass.; James S. DeCamp, C. B. Kennedy, Dr. Nasher George Grundy, Miss Gene Groton, New York, N. Y.

The directors of the Daytona Golf and Country club met Wednesday afternoon, for the annual election of officers, the following being chosen for the ensuing year:

President, Carl H. Knapp.
Vice president, E. H. Armstrong.
Treasurer, F. N. Conrad.
Secretary, J. B. Crosby.

J. L. Pepper, who has been secretary of the golf club since its organization, asked that he be allowed to resign because of pressure of other business, Mr. Crosby being chosen to fill vacancy. Mr. Pepper has served on the board three of the five years the past two years, and was allowed to withdraw with reluctance by the directors.

To Have Lockers.

On Monday afternoon, at 4 o'clock, the directors of the club will meet on the course, on South Ridgewood avenue, for the purpose of closing a site and making plans for the immediate erection of a locker and shower bath building, for use this season.

The building will contain about 50 lockers, and a full team shower baths, for use of club members on the course.

Great enthusiasm was displayed at the meeting of officers, for the progression shown in regarding the club and the future of the course.

Strong Address on Business Methods Given Last Night

A large audience enjoyed the program given last evening in the Christ church, by Mme. [illegible] noted reader and poet, who is a member of the National Civic Drama Society. Mme. [illegible] has given an exceptional address on citizenship, and business methods, which was thoroughly enjoyed by a large number of business people of the community.

In part, Mr. Downes said:

"In these days of keen competition, it is not easy to be a successful merchant. There was a day when a retailer could sit down and wait for business to come. Today we have to seek trade by advertising, by window display, by store arrangement, and by prompt, cheerful service on the part of employes. Competition is strong in this city, and there are many live merchants here, and the same time to make a profit. Progressive merchants are everywhere and in the west as studying and using the ideas that have been put out and proved successful in other stores. It is one of the hopeful signs of the times that retailers are getting together through such organizations as this to discuss their ideas and to work for the common good.

"Among the important things in which many merchants are unable to succeed, because of lack of details, is advertising. Yet it is safe to say that no merchandise has failed because they advertised too little, or always put that failed because they advertised too much. Consequently advertising needs to be used with judgment. It takes the message of the merchant to the people in their homes. The merchant puts his store news and his general news together.

"The merchant who fills his ads with the news of his store and puts into information about his goods is sure to win the favorable attention of the reader. Ask our merchants who are strongest competitors are, and almost without exception he names stores that are heavy advertisers.

"Unfortunately, too many merchants think they must exaggerate to get the attention of prospective customers. Flaming headlines and The Greatest Values Ever Offered' are made catch the eye, but if these words or similar phrases are used in every ad you lose your power to use them in extreme statements.

"It is reflected, in many facts, if you have an exceptional bargain say so. Tell in simple words of the goods for sale. It is usually best to state prices.

"Your advertisement should take the reader right into the store of the advertiser, and tell him about the goods in such a way that he will want to buy. Many people have little ideas of what they want to buy, and the merchant must be ready to help them to decide. Your store is known by the kind of advertising you do. If the ads are misleading, or are poor, both in appearance and the matter, they will injure the store. Poor ads are worse than no ads. Your ads should be truthful, clean, and dignified. Don't use extravagant words. Be natural. Be yourself. Don't imitate others. Be original. Put your personality into your ads. Make them interesting. Tell the truth about your goods. Be sincere. Be honest. Be fair. Be reliable. Be courteous. Be helpful. Be considerate. Be kind. Be generous. Be square. Be manly. Be a booster. Be a booster for your town. Be a booster for your business. Be a booster for your self.

"As a general rule it is well to state prices in your ads. If you do not give them, the reader may assume that the price is high. If you are going to sell at a special price, or at a reduction, state the price. Don't be afraid to say that you are selling below cost, if you are. Don't be afraid to say that you are selling below cost because you have been overstocked, or because you have been overbought

Strong Address on Business Methods Given Last Night

A large audience enjoyed the program given last evening at Central High school, in benefit of the ... excess on fund, when W. F. ... of the National Cash Register Company gave an exceptional address on advertising, and business methods, which was thoroughly enjoyed by a large number of business people of the community.

In part, Mr. Brennan said:

"In these days of keen competition, it is not easy to be a successful merchant. There was a day when a retailer could sit down and wait for business to come. Today you have to coax trade by advertising, by window display, by store arrangement and by prompt, cheerful service on the part of employees. Competition is proving to him that store methods and store service must be improved to meet the demands of the buying public, and at the same time to make a profit. Progressive merchants everywhere realize the need of studying and using the ideas that have been tried out and proved successful in other stores. It is one of the hopeful signs of the times that retailers are getting together through such organizations as this to discuss these ideas and to work for the common good.

"Among the important things to which many merchants are unable to give sufficient time, because of press of details, is advertising. Yet it is safe to say that ten merchants have failed because they advertised too little, to every one that failed because he advertised too much. Certainly hundreds of stores have remained small because of this neglect.

"Newspaper advertising travels far and wide. It takes the message of the merchant to the people in their homes. The customer gets his store news and his general new together.

"The merchant who fills his ads with the news of his store and valuable information about his goods is sure to win the favorable attention of the reader. Ask any merchant who his strongest competitors are, and almost without exception he names stores that are heavy advertisers.

"Unfortunately, too many merchants think they must exaggerate to get the attention of prospective customers. Flaming headlines like 'The Greatest Values Ever Offered' no doubt catch the eye, but if those words or similar phrases are used in every ad you write, people soon lose confidence in your statements.

"It is sufficient to state facts. If you have an exceptional bargain, say so. Tell in simple words of the article you have for sale. It usually is best to give prices.

"Your advertisement should take the reader over the five steps of selling: Attention, interest, desire, confidence, action. Some people scan ...lines only glance at ads. If the headings are achieved to make a complete impression, the ad gets both the 'glancers' and the 'readers.' Illustrations must be suited to the subject they could cover on the ideas of the text. Desire must be stimulated by attractive details, but it is mostly aroused by pictures. Variety is one of the best means of keeping interest in your ads. Change your offerings.

"As a general rule it is well to give prices in your ads. If you do not give them, the reader may assume that the price is high. If you are advertising high-grade goods, place the emphasis on the quality and mention the price in an incidental way.

"Be absolutely honest in your advertising. You may as a leader, occasionally sell goods 'below cost,' but don't overdo the below-cost sale. Everybody knows business cannot be conducted on that basis."

Clerks were advised that health, good habits, the right kind of eating, loyalty to employers, and appreciation that the customer is the boss were the basic facts on which their ability and advancement were founded. Clerks should study not only the stock in the store, but the store advertisements, Mr. Brennan said, in order that they may intelligently wait on customers and know exactly what the store offers.

Mr. Brennan offered many good suggestions on how a clerk can increase sales in a store by being loyal to his employer, studying those things that will increase his knowledge of the business, and through such efficiency be in a position to command better salary. "Bad habits outside of work hours," he said, "make a bad record in the store next day. A man can't stay out half the night and expect to sell goods the following day."

ORLANDO PLANS BIG ENTERTAINMENT FOR STATE HOTEL MEN

JACKSONVILLE, March 31.—Orlando is prepared to welcome the Sixth Annual Convention of the Florida State Hotel association, which is to be held there on the 5th, 6th and 7th of April, and the hotel men of that place will have the honor of entertaining the largest gathering of Florida hotel proprietors and managers ever assembled in this state, according to advices from the office of Secretary J. Harvey Whitney.

Miami, St. Petersburg, Daytona, St. Augustine, Tampa, and other of the larger cities will send big delegations, while from the smaller towns one or more hotel proprietors will attend, making a record breaking crowd.

There is sure to be some good natured rivalry for the Seventh Annual convention, and several cities are known to be ready to make a contest for the 1922 meeting. St. Augustine is ready for the fun, and Jacksonville is sure to put in a bid. St. Petersburg may also ask for the big meeting, and with these contestants at work, the members are assured a lively time.

Two Business Sessions.

The program as arranged calls for but two business sessions, these to be held Wednesday and Thursday mornings. While the business meetings have been held to the two sessions, these will be for association business solely, and no long talks will be heard nor will advertising propositions or other selling talks be given a hearing. The entire time of the business sessions will be devoted to discussing the association's work of the future, and the plans outlined indicate a most comprehensive and practical demonstration of what can be done through cooperation.

Since the association has grown from 27 members to 170 in two years, the organization now has the strength to undertake work which heretofore was impossible. The membership embraces all the best hotels of the state, and with its slogan "For Florida' the sectional lines have been eliminated, and the future will see the association serving every part of Florida with impartial but sincere interest.

Entertainment Galore.

This being a holiday for hotel proprietors of Florida, the entertainment program has been liberally planned. There will be luncheons, drives, dinners, dancing, music and in fact every thing that one could wish to break the strain of a hard winter's work of caring for tourists.

The program of entertainment is under able supervision, the entertainment committee being headed by R. E. Grabel of the Hotel Empire at Orlando. He has the able assistance of Manager Beeman of the San Juan; Manager Hilpert of the St. Charles; Manager Foley of the Seminole at Winter Park; Manager Hurley of the Osceola; Manager Miller of the Wyoming; Manager Dunn of the New Lucerne. All are determined to live up to the well established reputation of Orlando as a convention city, and assure their fellow members of the association that a good time awaits all who attend.

Registration of guests will be the first order of business on the opening day, and here the visitors will be given badges, which will serve as money at Orlando hotels. A "get acquainted" luncheon will follow, and a dinner dance at the Country club will be the evening entertainment. Another luncheon on Wednesday, and the grad banquet at night will keep things lively. On Thursday a trip to Palm Springs and luncheon under the trees will be the concluding event of the meeting. Numerous other entertainment features will be interspersed.

Proprietoress of White Shop Dies; Ill Three Days

Mrs. Annie L. Pink, proprietoress of the White Shop on Main street, Daytona Beach for the past four years, passed away at midnight last night, following an illness of but three days, removing one of the most popular of beach business women, who had gained many friends on the peninsula who mourn her passing.

With her at the time of her death were her two sons, Henry S. Pink and Allie Pink, and wife of North Carver, Mass., who has been called to the beach by the serious illness of their mother.

Daggett-Wetherby are in charge of funeral arrangements, which are incomplete at this time, although it is planned that the body will be returned North for interment.

The sudden death of Mrs. Pink has cast a shadow of sadness over the beach today among those who had come to love and respect her and mourn her death.

Rollins College Ball Team Here for Game Friday

The Rollins College baseball team will arrive in Daytona tomorrow noon for an engagement with the Daytona Islanders on the local lot Friday afternoon, when Manager Jack Martin hopes to get some real practice for his team, in preparation for the opening of the Florida State league season about the middle of April.

Saturday afternoon the Saints from the Ancient City will furnish batting practice for the local crew, and judging from the results of their tussle with the Washington Senators, it will be poor practice for the local team unless St. Augustine strengthens her team considerably. The Senators walked over the Saints to the tune of 9 to 0, the Florida team not having a look in at any stage of the game.

With baseball on City Island the remaining two days of the week fans will get in trim for the real season soon to come.

The boys speaking were Edward Horn, Billie Ward and Anton Jabaly. Billie Ward won the prize. Anton Jabaly was the prize winner of the contest held at the school on last Friday and will represent D. H. S. at Seabreeze High school tomorrow, April 1. He can not represent D. H. S. at Gainesville for the reason that he failed in some of his first semester work. Billie Ward will not be the representative at Gainesville for the same reason. Edward Horn will now be the representative for Gainesville. He won second place in the contest on Monday and has also made good passing grades, hence will be given the honor of representing D. H. S. at Gainesville on April 7th.

Supt. C. R. M. Sheppard visited the school on Monday afternoon.

On Tuesday morning the pupils were very much pleased to have with them, C. W. Ross, of Jacksonville, who delivered a very interesting talk.

Wednesday morning while the Daytona High school Hi-Y girls and boys were holding their meeting, the other students were entertained by the D. H. S. orchestra. Following a selection played by the orchestra and announcements made by Miss White, the pupils were given an unusually interesting talk by Miss Alye Zobl. Miss Alyne, who is a junior in Daytona High school, described to the teachers and pupils the system of the Gary, Ind., High school, where she is from. She not only described the grounds and buildings but told how the school was governed and what was done in the different departments.

This morning, Prof. Eastham announced to the school that Burton Milligan was the winner in the essay contest. He then presented the winners of the oratorical contest with their prizes of $2.50 each.

On Friday, April 1, the pupils of Daytona High school will have school in the morning only, in order that they may attend the Peabody Oratorical contest at the Seabreeze High school. The contest will begin at 2 p. m. with representatives from all Volusia county high schools. Everyone is urged to attend this contest and see for themselves that county schools can present to the some student with great ability. Every student should be present, and help root for our representative. Those representing D. H. S. will be Miss Mary Beth Reynolds and Anton Jabaly.

On Friday at 3:30 p. m. the baseball game will be held between Seabreeze and New Smyrna.
